SUMMARY

Full Stack Software Developer with a strong passion for crafting innovative solutions through code. My journey in the world of programming has led me to specialize in software development. With a keen eye for detail and a flair for creativity, I strive to deliver outstanding user experiences through clean, efficient, and elegant code.

EXPERIENCE

Software Developer *May 2026 – Present*
Mazda Consultancy Services (Travelodeal)

- Contributed to the development and maintenance of Travelodeal's live production platform using Next.js, React.js, TypeScript, and ShadCN UI, delivering scalable and responsive user interfaces.
- Developed reusable, modular UI components and integrated RESTful APIs to build high-performance and improving maintainability and user experience.
- Collaborated with cross-functional teams using Azure DevOps and Bitbucket to manage source control and ensuring timely and high-quality feature delivery.

Full Stack Developer Intern *Jan 2026 – March 2026*
Zealous System and Solutions LLP

- Developed a full-stack Restaurant and Food Ordering Management Platform using React.js, Material UI, Redux Toolkit, Node.js, Express.js, MySQL, and Knex.js for customers, restaurants, delivery partners, and administrators.
- Designed and integrated secure RESTful APIs with authentication, authorization, and role-based access control (RBAC), ensuring reliable and secure application functionality.
- Managed application state using Redux Toolkit and optimized database operations with MySQL and Knex.js to improve performance, scalability, and maintainability.

SKILLS

Languages: JavaScript, TypeScript, Java, PHP, Python, C, SQL
Technologies: HTML, CSS, React.js, Next.js, Node.js, Express.js, Redux Toolkit, Material UI, ShadCN UI, REST APIs
Databases: MySQL, MongoDB
Cloud & DevOps: AWS, Azure DevOps, Docker
Tools: Git, GitHub, Bitbucket, Microsoft Excel, WordPress
Fundamentals: DSA, OOPs

PROJECTS

RoomLink — Student Accommodation Platform GitHub
Tech Stack: React.js, Node.js, Express.js, MongoDB

- Built a responsive platform for finding verified rental accommodations.
- Developed filters for rent, location, and amenities to simplify search.
- Integrated secure rent payment via Razorpay and user review functionality.

GEC Student Dashboard GitHub
Tech Stack: React.js, Node.js, Express.js, MongoDB

- Designed a dashboard for managing academic schedules, results, and fees.
- Implemented secure login authentication and authorization system.
- Developed Integrated Placement Portal and secure fee payment system.

EDUCATION

Government Engineering College, Bhavnagar, Gujarat, India June 2026
B.E. in Computer Engineering — **CGPA: 7.76/10**

Government Polytechnic, Porbandar, Gujarat, India June 2023
Diploma in Computer Engineering — **CGPA: 8.34/10**

ACHIEVEMENTS

TechXcellence Hackathon – Winner *April 2025*
Government Engineering College, Bhavnagar
